

Advanced protection.
Absolute peace of mind.

What's the best way to plan for the unexpected? Ensure you're protected. Older adults in senior living are best protected with SafelyYou. With this trusted technology, residents get the right care, right away when a fall occurs.

What happens when a fall occurs.

Without SafelyYou

- ✗ Resident may need to wait on staff rounding to get assistance.
- ✗ Difficult to determine amount of time on the ground.
- ✗ Care staff have limited information about how and why falls happened.
- ✗ Assumptions have to be made about the best care after a fall.
- ✗ Increased fear of falling and potentially unnecessary ER visits.

With SafelyYou

- ✓ Automatic fall detection and immediate staff alerts.
- ✓ Rapid response for right care, right away.
- ✓ Clear video provides critical insight, showing how and why falls occur.
- ✓ Care staff can make better-informed clinical decisions, for more effective care.
- ✓ Greater peace of mind, reduced falls and fall-related ER visits.

What SafelyYou means for seniors.

**Maintain
independence**

**Reduced
long-term costs**

**Remain in the
community longer**
